

# Australian College *of* Educators

## **Alison Lloyd, Bilambil Public School**

Alison is an amazing classroom teacher who is now in her final term of an illustrious teaching career prior to her retirement in January, 2018. She is an industrious and dedicated professional who always works beyond expectations to provide explicit, yet dynamic learning experiences for her students. She is also the peer glue which keeps all staff bonded together in the single pursuit of having our school operate as well as it possibly can. She organises social, emotional and professional support for all other colleagues! She is concluding two and a half years as a reliable Assistant Principal where she has led K-2 staff and students with vigour! Alison is a worthy recipient of recognition on World Teachers' Day.
