

Australian College of Educators

Roslyn Everson, Bellingen Public School

Roslyn is an outstanding educator and exemplifies both the 'heart and head' that is so characteristic of strong leaders. She understands the needs of every student in her care; emotionally, academically and socially and her relational leadership with students, staff, parents and carers is exceptional. She has the total respect and indeed awe, of many of our staff. Parents and carers always speak highly of Roz and she delivers on results for every student that she teaches. She cares deeply about all her students, the school and our community. Roz is an exemplary teacher. Roslyn is a worthy recipient of recognition on World Teachers' Day.
